

23 May 1967
SG-67/281

MEMORANDUM FOR : Chief, General Procurement Section, PD/OL

SUBJECT : Purchase Order 67R-5, Co. No. 92340-15

1. It is requested that International Business Machines Corporation (Attention: Mr. Robert Clark) be issued a letter that will state as follows:

a. Under terms of the GSA contract, Special Item 132-1, Paragraph 9 ALTERATIONS AND ATTACHMENTS, we propose to install a DATALOG MC8800 Ultra High Speed Printer on the two 1410 systems covered by subject purchase order.

b. It is proposed that the MC8800 will be connected through an interface "black box" to the following machines:

(1) I/O Synchronizer MDL441414-10129

(2) I/O Synchronizer MDL4 1414-31199

c. The interface will be located with the computer systems. The MC8800 will be cable - connected at a remote location in the same building.

d. It is requested that IBM maintain the MC8800, the interface and the attachments to the 1414's on a per-call basis. On-site training (40 hours) for 2 or 3 IBM Customer Engineers will be provided by a DATALOG engineer at the time of installation.

e. It is expected that this installation will take place around 1 October 1967.

f. An early reply on the maintenance of this equipment will be appreciated in order that we may proceed with the acquisition of this equipment and the negotiation of the maintenance contract.

Acting Chief, DDP Systems Group
